

# The Xeric Garden Club of Albuquerque

Members receive newsletters which are filled with information to help you achieve your goal of creating and maintaining a beautiful and colorful drought-tolerant garden or landscape. Membership also entitles you to participate in all of our meetings and special events.

The Xeric Garden Club meets the third Saturday of each month from 9 am-12 noon at various locations in the general Albuquerque area. These monthly programs feature Xeric garden topics and include speakers, slide presentations, garden tours and demonstrations.

The Xeric Garden Club provides the opportunity to get acquainted with other xeric-minded gardeners and landscapers. There are also many volunteer opportunities during the year. Come learn with the experts!

Visit our website at
